

Tune: I had a little nut tree

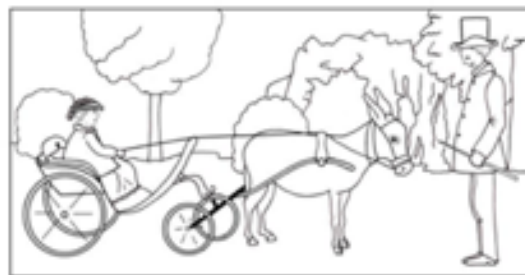

I'm a little donkey
Jacquot is my name
I speak French and English
You can do the same

I lived by a big lake
Near some mountains high
I was thin and hungry
And often I would sigh

I had to carry heavy loads
Up and down a hill
My work it was so very hard
Often I was ill

One day a lady saw me
She was very grand
And she took me with her
To another land

Her name is Queen Victoria
I pull her donkey cart
Now my coat is shiny
And I look very smart

My home is called la Savoie
The English say Savoy
A word that is quite well known
By every girl and boy

There's a big hotel in London
Where people go for tea
And a curly cabbage
What a surprise to me!
